- 1) **Declaration of Covenants, Conditions and Restrictions.** The Covenants, Conditions and Restriction limitations of the Subdivision described in these Restrictive Covenants are subject to and in addition to any restrictions, covenants and limitations described in the “Declaration of Covenants, Conditions and Restrictions of Mill Creek Meadows Phase II, a subdivision in Temple, Bell County, Texas,” recorded as Document 2017- 043519 in the Official Public Records of Real Property of Bell County, Texas (sometimes referred to as “Declaration”) and any and all supplemental declarations thereof. All words defined in the Declaration and used in these Restrictive Covenants will have the same meaning as defined in the Declaration.
- 2) **Architectural Review Committee.** The Architectural Review Committee (“ARC”) will review and consider variances, approve and/or disapprove design, materials, plans and specifications as to conform to this Declaration and to maintain and protect the overall integrity of the development of the Subdivision.
- 3) **Mill Creek Meadows Homeowners Association, Inc.** The Subdivision is annexed as a part of Mill Creek Meadows Homeowners Association, Inc. (“Association”) and is subject to all terms, conditions, and provisions of the Declaration and all governing documents of the Association. By its signature below, Declarant under the Declaration has approved and consented to the annexation of the Subdivision into the Association.

Every record Owner of a Lot located in the Subdivision, whether one or more persons or entities, will be a member of the Mill Creek Meadows Homeowners Association, Inc. (“Association”), and will be subject to all of the terms, conditions and provisions of the Articles of Incorporation, Bylaws and Declaration of said non-profit corporation, including but not limited to the payment of any annual and/or special assessment assessed by the Association upon a Lot within the Subdivision.

- 4) **Lot use.** No Lot or any part thereof may be used for any purpose except for single-family residential purposes, unless such Lot is designated on the Subdivision Plat as a “commercial use lot” or “Multi-family residential”. Construction of Living Units and all improvements are restricted to new construction only, constructed on a Lot from the ground up.

- 5) **Right to Replat or Resubdivide.** Declarant reserves the right to replat or re-subdivide any or all of the Subdivision, subject to compliance with any State, City, and County subdivision standards and subsequent to the filing of the Restrictive Covenants. No Lot or Lots may be subdivided into smaller lots or parcels of land for the purpose of building thereon, sale or lease, without approval of Declarant.
- 6) **Consolidation of Lots.** A building site may be two (2) or more adjoining Lots consolidated into one building site at the discretion of the Declarant or the ARC. All setback lines will be measured from the resulting side property lines rather than the Lots lines reflected on the Subdivision Plat.
- 7) **Identified Structures not Permitted.** No trailer of any kind or type; prefabricated, modular or manufactured building; mobile home; portable building; tent; shack; or other structure of a temporary nature will ever be moved onto a Lot or the Common Area, whether temporary or permanent. However, during construction, Declarant or a Builder Member (as that term is defined in the Declaration) may erect and maintain such structures as are customary in connection with the construction and sale of the Lot, including, but not limited to storage facilities, portable sanitary facilities, signs, and construction trailers.
- 8) **Permitted Structures.** One (1) single-family residential dwelling or Living Unit will be permitted and constructed on a Lot. All Living Units will be constructed of new materials, on the Lot from the ground up, and approved by the ARC, in writing, in advance of construction. Any deviation in the design or material composition shown on such ARC approved plans and specifications must be approved by the ARC, in writing, in advance of construction.

The Living Unit cannot exceed two (2) stories in height. The Living Unit may be a 1-story, 2-story or split-level residence with a private garage, attached or detached, and no more than one (1) attached or detached structure for storage constructed in accordance with the provision for Accessory Buildings below and may not be occupied as a residence.

- 9) **Accessory Buildings.** Every accessory building or structure, inclusive of such structures as a detached garage or storage building ("Accessory Building"), will be aesthetically compatible with the Living Unit to which it is appurtenant in terms of its design and material composition. All Accessory Buildings will be subject to the prior approval of the ARC. In no instance will an Accessory Building exceed one (1) story in height nor will the total floor area of an Accessory Building exceed 10%, individually or in the aggregate, of the floor area of the Living Unit.
- 10) **Height Restriction.** No Living Unit will be erected, constructed, or altered that exceeds two (2) standard stories in height, provided, however, that all applicable ordinances, regulations, and statutes with respect to the maximum height of buildings and structures will be complied with at all times.
- 11) **Living Area.** Residences or dwelling units within Subdivision must contain conditioned "living floor area" square feet of not less than 2,500 square feet, except as may be authorized by the ARC.
 - a) **The conditioned living floor area restriction** applies to the Lots, or any subdivision thereof and excludes basements, garages (attached or detached), breezeways, porches and balconies (enclosed or not).

- b) **Detached garages or other out buildings** are permitted provided the main building conforms to the area square footage as herein required and out building exterior finishes are the same (and same proportion) as the main residential building.
 - c) **Conversion of garages** to dwelling space (living area) by enclosure, is permitted only when alternative garage space is added (attached or detached), and with prior ARC approval.
- 12) **Exterior Wall Masonry.** Dwellings must have first floor exterior masonry veneer coverage to the area square footage as herein amount stipulated in the “Minimum Areas” article of these Restrictive Covenants, except as may be authorized by the ARC. Windows and doors in exterior masonry walls may be counted as masonry veneer when computing masonry coverage. Masonry includes brick, stone, and rock. Stucco is strictly prohibited. Hardiplank or similar materials may only be used for soffits or minor, non-load bearing walls with the approval of the ARC. In no instance will more than 24” of the slab of the Living Unit be exposed above finished grade as viewed from any street, right-of-way, or other Common Area unless approved in writing by the ARC.

- a) **Fence Construction** may not exceed 6’-0” in height.
 - b) **Divider Fences** are fences located parallel to and on or near a property line common with two or more Lots. They may not be placed inside the property line when such placement will create an area that may not be properly maintained or will prevent a neighbor fence connection.
 - c) **Fence Easement.** Any drainage easement shown on the Subdivision Plat or created by separate instrument duly recorded in the Official Public Records of Real Property of Bell County, Texas, will also be designated as a Fence Easement, to the extent necessary to permit fences to connect with other fences while at all times accommodating drainage flow. In addition the Association may use the Fence Easement to repair or replace any owner-neglected fence as the Association, in its sole discretion and in accordance with the Declaration, deems appropriate.
 - d) **Front Fences** (between 2 houses, facing the street) are to be “in-line” between houses unless prevented by house plan or other limitations.
 - e) **Fences must be adequately maintained,** functional and in good appearance. Damaged or deteriorated fences must be promptly repaired or replaced. The expense for repair or replacement of divider fences is to be shared equally by the respective property owners, to the extent they share fencing on a common property line. The Owner is required to mow, edge and weed the Lot at regular intervals and to maintain its Lot in a neat and well-groomed condition, consistent with the intent of the Restrictive Covenants and quality of the Subdivision. Required maintenance includes sufficient watering to keep the lawn green (in season), healthy, and weed free.

No building materials may be stored on a Lot, and any excess building materials not needed for construction and any building refuse will be promptly removed from each Lot.

The same sight line limitation will apply on any Lot within 10' from the intersection of a street
